Dear Donor,

Violence against women and girls is the world's most pervasive human rights violation. It's also the one most often ignored.

The **Toronto Rape Crisis Centre** offers counseling, a 24-hour crisis line and advocacy to help women navigate through the legal and medical systems.

Last year, we raised **over \$140,000** through the annual Bowlathon involving **more than 700** participants showing their support and commitment to end violence against women. In our 15th year, our new goal is \$150,000.

The next TRCC/MWAR Bowlathon will be on **March 1, 2008** at Bowlerama West. Funds raised will support our innovative work.

Please invest in the girls and women of our community. We are asking for a donation of goods or services that can be used to reward individuals or teams of bowlers for raising funds to support TRCC/MWAR. We would love to hear from you **by January 21, 2008** in order to meet our promotional deadline.

Your support ensures that we continue to enhance the capacity of young women to take control of their lives.

With thanks,

TRCC/MWAR Bowlathon
