

# Imagine a world free of violence... We do.

Dear Supporter,

Can you imagine a world that doesn't need to mark May as Sexual Assault Awareness Month? A world where women and children feel safe, respected, and loved at home? A world where females are free of fear day and night?

We imagine a world in which it will be a rare occasion when a man abuses a woman and in that world the response will be swift and just. **We look to a time where girls and women live in autonomy, peace, and freedom.**

**That time could be here and now.**

The new Charter in the constitution promises all women in Canada equality under the law and protection of the law. The promise to women in the Charter of Rights and Freedoms is broken when it comes to violence against women.

A significant aspect of our work is acting as a force for social change at the individual, institutional, and political level. Through our provincial and federal associations we continue to demand a better and feminist future for women and girls in Canada.

The United Nations made a special point of urging the Canadian government to better its 12th place standing in the world. They challenged our government to "step up its efforts to combat violence against women and girls and increase its funding for women's crisis services and shelters in order to address the needs of women victims of violence."

**Lend us your support to create what we imagine.** Together, we can build the world we all deserve. Please consider making a one time or monthly donation. By authorizing us to withdraw \$10, \$20 or even \$30 from your chequing account, or credit card each month, you will provide us with consistent and reliable financial support. **Your donation of any amount ensures that we continue to strive for a world free of violence.**

With thanks,

Marilyn Oladimeji  
Fundraising Co-ordinator
